Tariff Surcharge, Effective April 16, 2025

Dear Valued Customer,

Due to recently announced government-imposed tariffs impacting our supply chain, we will be implementing a tariff surcharge on all orders.

Effective April 16, 2025, a 5.5% tariff surcharge will be added to all new orders. Any new orders received on or after this date will include the surcharge.

This fee reflects increased costs associated with global supply chain volatility, including—but not limited to—tariffs, freight, and material price fluctuations.

We understand this may affect your budgeting and planning, and we are providing advance notice to help you prepare. Please know we are actively working to mitigate the impact of these tariffs while continuing to deliver high-quality products at competitive prices.

If you have any questions or concerns, please contact your account representative.

We appreciate your understanding and continued partnership during this time.

Sincerely,

Jim Wueste
VP, Waterproofing

Nick Weller
VP, Diversified Products
